INTRODUCING THE CAREER HEROES

Career Heroes is a set of career education tools designed around the theme of popular trading card games. The goal of *Career Heroes* is simple: to introduce elementary school children to the concept of career planning and to teach them the basics of using career information. *Career Heroes* consists of two main components:

The Career Heroes Workbook

The Career Heroes Trading Card Activities

This workforce product was funded by a grant awarded by the U.S. Department of Labor's Employment and Training Administration. The product was created by the recipient and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership. This product is copyrighted by the institution that created it. Internal use by an organization and/or personal use by an individual for non-commercial purposes is permissible. All other uses require the prior authorization of the copyright owner.

The *Career Heroes Workbook* is designed to show students that their future careers can and should suit their personality types. As such, the workbook is organized according to the Holland Codes.

Holland Personality Types:

Keywords:

Realistic	= “Doers”	practical, athletic, mechanical, persistent, systematic, stable
Investigative	= “Thinkers”	analytical, scholarly, scientific, curious, introspective, precise
Artistic	= “Creators”	expressive, intuitive, independent, imaginative, innovative
Social	= “Helpers”	friendly, cooperative, empathetic, patient, insightful, kind
Enterprising	= “Persuaders”	sociable, energetic, adventurous, inquisitive, assertive
Conventional	= “Organizers”	well-organized, systematic, accurate, efficient, structured

The *Career Heroes Workbook* is divided into two major sections. The first introduces students to specific careers that correspond to the Holland Codes. For each personality type, the workbook describes six occupations, two of which are highlighted with their own character cards. These cards list career information such as work activities, tools used, training required, and wages.

(**Note:** *The cards depicted in the workbook may not be identical to the actual trading cards.*)

The first section also provides a number of activities that relate to the occupations described in each section. For instance, after students read about the *Nutritionist*, they are asked to draw a picture of a healthy meal that includes all the basic food groups. (**Note:** *Students may need to discuss or research the food groups.*)

The second section of the workbook (starting on page 23) provides an assortment of additional activities to get students thinking about the range of careers that exist, and how their personal interests and preferences can help them choose the kind of work they would like to do.

The *Career Heroes Teacher’s Guide* is also divided into two parts. Section one is a guide to the *Career Heroes Workbook*. It introduces each activity, and provides answer keys for the exercises that have specific answers.

Section two provides instructions and resources for conducting the trading card activities. The *Career Heroes Trading Cards* are not currently available in print but can be downloaded from our website at <https://laborfiles.delaware.gov/dcrn/docs/Career-Hero-Cards-All.pdf>

The trading card activities are meant to be led by the teacher, and involve both small group work and whole class collaboration. These activities require that the teacher provide students with a set, or several sets, of *Career Heroes Trading Cards*. The trading cards can be downloaded and printed from our website as noted above. Please refer to page 12 to determine how many sets of cards you will need.

The *Career Heroes* activities call on students to use a wide range of knowledge and skills including reading, writing, mathematics, and art. It also requires research and interviewing skills.

SECTION ONE: CAREER HEROES WORKBOOK

The *Career Heroes Workbook* is designed to give students their first look at career planning. While most students will be aware that workers in different occupations do different kinds of work, they may not yet understand that people can choose the kind of work that best suits their personalities, and that they can use career information to help them decide which types of jobs are the best fit for them.

Try leading into the workbook by asking students to tell the class what their parents/guardians/neighbors/friends do for a living. Once everyone has had the chance to share, pose the following question: How did your father/mother/guardian/neighbor/close friend decide to become a (job title)? Chances are, most students will have no idea what led to these career decisions, and it may not have occurred to some that it was a choice at all. You might share with them the story of how you came to be a teacher. Tell them about other careers you might have considered, and why you decided against them. You might also ask them what jobs they would like to pursue, and why they think they would be good at that job. However you bring up the topic, you will want to pose the following question: **How do people decide which job they want?** The answer: **They think about their own interests and talents, they get information on jobs that seem appealing, they find out how to prepare for the job they want, and they make a career plan.** The *Career Heroes Workbook* will reinforce these ideas.

WHAT IS A CAREER HERO?

Have you ever noticed how average, ordinary workers are a lot like superheroes?

They might not wear spandex bodysuits (well, except for dancers and some athletes), but many do wear uniforms or distinctive clothing that marks them as someone who is there to help you.

Speaking of helping people, isn't that exactly what both superheroes and workers do all day long? Whether it's the man who paints your house or the lady who helps you get a loan to buy a house, people in careers are there to help you.

"But wait," you say, "Superheroes have special abilities. They have been through rigorous training, and have an arsenal of highly-specialized equipment to fight the forces of evil."

Exactly. And Career Heroes are no different. Performing each job takes a unique set of skills and knowledge. Some careers take years of training, and most require special tools that must be mastered.

In fact, we think Career Heroes are so special that they deserve their own set of trading cards. Each card features a different Career Hero and details the kinds of feats they perform on the job, the tools they have mastered, and the training they needed to qualify for their job.

This workbook introduces you to just a few of the hundreds of Career Heroes out there making the world a better place. It also describes the 6 different types of Career Heroes: Doers, Thinkers, Creators, Helpers, Persuaders, and Organizers. Maybe one of these types sounds a lot like you. Do you have what it takes to become a Career Hero?

Workbook Introductory Page

Either read this introduction to your students, or ask them to read it quietly to themselves.

Explain to your students that the six types of *Career Heroes* actually describe work personality types, which can be used to help them decide what type of jobs to pursue.

OCCUPATION PAGES

The *Workbook's* first half is meant to expose students to a variety of occupations they may not be familiar with (such as *Computer Systems Analysts* and *Forensic Science Technicians*), and to clarify the tasks performed by workers with familiar job titles (such as *Carpet Installers* and *Travel Agents*). A typical occupation page from the workbook will look similar to this:

Anatomy of an Occupation Page

Occupation Title
Job Description

Career Heroes Card
(May not be identical to trading card)

Career Information

REALISTIC CAREERS

for "Doers"

People in **Realistic** careers like to work with things more than with people. They are usually good at doing things with their hands or playing sports. Most of the time, they like to be outdoors and work with tools and machines.

Realistic Career Heroes Include:

• Automotive Mechanic	• Farmworkers
• Carpet Installers	• Fish and Game Wardens
• Etchers and Engravers	• Roofers

CARPET INSTALLERS

Carpet installers cut and lay carpet. They measure, clean, and check the floor, put down tack or tape, and lay the pad. Then they cut, lay, and stretch the carpet.

Wage Points: \$23/hour

Feats Performed:
Carpet installers cut and lay carpet on floors. They measure the room, and figure out the size and shape they need for the pad and the carpet. They clean and fix the floor if needed, then cut the pad and carpet, lay them down and stretch the carpet to remove any bumps in it.

CAREER HERO CHALLENGE

In the space below, draw the shape that a piece of carpeting would need to be to fit your bedroom.

CAREER HEROES

5

Holland personality type section header (career type)

Description of personality type and list of Career Heroes included in the section

Career Hero Challenges:
Short activities relating to the careers discussed on the page.

Occupation Pages:

Introduce each of the six occupation sections (corresponding to the six work personality types) by reading aloud the description of the Holland Personality Type in the yellow box, as well as the listed occupations. Ask your students what other jobs might be included under that Career Hero Type.

Review the first card aloud with the class, starting with the Occupation Title and Job Description. Point out the Career Information listed on the card, including the **Wage Points**. Explain that one way people choose their careers is by researching this type of information. The information provided on the cards is explained below.

Feats Performed are the work activities. This information provides an overview of the day-to-day tasks involved in the job.

Back of Cards:

Skills are what you actually do on the job. It is your ability to use your knowledge and apply it in a work context.

Knowledge is what you learn from books, teachers, media, and other sources. It is in your head.

Tools Mastered describes the tools and technology the workers must learn to use.

Training lists the minimum education level need to qualify for the job.

Employment shows how many people in Delaware hold that particular job.

ANSWER KEY: OCCUPATION PAGES

REALISTIC CAREERS for "Doers"

AUTOMOTIVE MECHANIC

Automotive Mechanics repair automobiles, trucks, buses, and other vehicles. They talk to customers, test drive vehicles, and use diagnostic equipment to determine the problem. They also perform routine maintenance on vehicles.

CAREER HERO CHALLENGE

List three businesses in your community where you would find an Automotive Mechanic.

1. _____
2. _____
3. _____

FARMWORKERS, FARM AND RANCH ANIMALS

Farmworkers care for live farm, ranch, or aquacultural animals that may include cattle, sheep, swine, goats, horses and other equines, poultry, finfish, shellfish, and bees. They attend to animals produced for animal products, such as meat, fur, skins, feathers, eggs, milk, and honey.

CAREER HERO CHALLENGE

Circle the animals that you think a Farmworker might care for.

6

A Career Awareness
Workbook for Elementary Students

INVESTIGATIVE CAREERS for "Thinkers"

COMPUTER SYSTEMS ANALYSTS

Computer Systems Analysts design and plan ways that computers can do work for businesses and people. They study the kinds of work to be done, then they find or make computer equipment and software that can do the job. They test the finished system to make sure it works correctly.

CAREER HERO CHALLENGE

See if you can list three things that computers can do for people that used to have to be done by hand.

1. _____
2. _____
3. _____

VETERINARIAN

Veterinarians diagnose and treat animals with diseases or injuries. They help both pets and farm animals. They may also do research to help find better treatments, and advise pet owners and farmers how to care for their animals.

CAREER HERO CHALLENGE

Draw a picture of a pet that you have or would like to have.

INTERNISTS, GENERAL

Internists diagnose and provide non-surgical treatment of diseases and injuries of internal organ systems. They provide care mainly for adults who have a wide range of problems associated with the internal organs.

CAREER HERO CHALLENGE

On the blank lines below each picture, write the name of the body organ.

heart

lungs

stomach

kidneys

intestines

CAREER HEROES

9

INVESTIGATIVE CAREERS for "Thinkers"

SOIL AND PLANT SCIENTISTS

Soil and Plant Scientists research plants to see in what conditions they thrive. They may work with agricultural plants, studying what makes up the soil, and also how plants grow in different soils.

CAREER HERO CHALLENGE

On the upper leaves of the plant, write in three kinds of plants. On the lower leaves, write in four things that people make from plants.

FORENSIC SCIENCE TECHNICIANS

Forensic Science Technicians help police investigate crimes. They collect, identify, and analyze evidence from crime scenes. They may specialize in areas like fingerprinting or handwriting.

CAREER HERO CHALLENGE

EVIDENCE

Can you identify the fingerprint that matches the one in the evidence box? Remember, the position of the fingerprint on the evidence may be different than its position when taken directly from the finger.

10

A Career Awareness
Workbook for Elementary Students

ARTISTIC CAREERS for "Creators"

PHOTOGRAPHERS

Photographers produce and preserve images that paint a picture, tell a story, or record an event. They may take pictures of people, subjects, merchandise, or other commercial products. They may work in a studio or on location.

CAREER HERO CHALLENGE

Photographers work with both objects and people. Find the words listed below in the word search puzzle.

BRIDE	FRAME	SHUTTER
CAMERA	IMAGE	SMILE
DIGITAL	LIGHT	STUDIO
FILM	SCAN	TRIPOD

FLORAL DESIGNERS

Floral Designers trim flowers to make bouquets, sprays, and wreaths. They make up dish gardens and flower arrangements. They arrange flowers the way their customers want, using the colors and types of flowers they choose.

CAREER HERO CHALLENGE

List 3 events for which you might hire a Floral Designer.

1. _____
2. _____
3. _____

12

A Career Awareness
Workbook for Elementary Students

ANSWER KEY: OCCUPATION PAGES

SOCIAL CAREERS for "Helpers"

People in Social careers like to help, teach, and give people advice more than they like to work with things. They like to be around other people, are interested in how people get along, and like to help other people with their problems.

Social Career Heroes Include:

- Child Care Workers
- Emergency Medical Technicians
- Fitness Trainers
- Medical Assistants
- School Counselors
- Training Specialists

EMERGENCY MEDICAL TECHNICIANS

Emergency Medical Technicians, or EMTs, provide emergency medical care at the scene of an accident or in people's homes after someone calls 911. EMTs find out the patient's condition and decide the immediate treatment needed. They give emergency care following strict rules. When needed, they transport the patient to a hospital for further treatment.

CAREER HERO CHALLENGE

In the box to the right, circle the things that could prevent an accident. Then, cross out the items that could cause an accident or health problem.

14

A Career Awareness
Workbook for Elementary Students

SOCIAL CAREERS for "Helpers"

TRAINING SPECIALISTS

Training and Development Specialists manage and carry out training and development programs for employees. They study how adults learn and help workers gain skills to make them better at their jobs.

CAREER HERO CHALLENGE

List 4 things you're good at that you could teach others to do.

1. _____
2. _____
3. _____
4. _____

SCHOOL COUNSELORS

School Counselors help evaluate students' abilities, interests, and talents to set goals for school, work, and life. They work with individuals and with groups of students. They also work with teachers to help classroom activities meet children's needs.

CAREER HERO CHALLENGE

Name three skills that School Counselors should have to do their job well.

1. _____
2. _____
3. _____

MEDICAL ASSISTANTS

Medical Assistants help keep the offices of doctors and other health care providers running smoothly. They may answer telephones, greet patients, update and file medical records, and fill out insurance forms. They may also schedule appointments and handle billing. Some medical assistants may ask patients about their medical histories and record vital signs like heart rate, blood pressure, and body weight. They may also prepare patients for examination and help doctors during the exam.

CAREER HERO CHALLENGE

Circle the tools or supplies a Medical Assistant might use in a doctor's office.

16

A Career Awareness
Workbook for Elementary Students

CONVENTIONAL CAREERS for "Organizers"

MAIL CARRIER

Mail Carriers sort mail for delivery. They deliver mail to residences and business establishments along specified routes by walking or driving, using a combination of satchels, carts, cars, and small trucks. They also deliver packages. When they finish their route, they return to the post office with mail collected from the homes, businesses, and public mailboxes.

CAREER HERO CHALLENGE

Unscramble the following mail words.

amli krtcu **mail truck**
 spfo fiofec **post office**
 nleeevoo **envelope**
 caeagkp **package**
 psatm **stamp**
 ieldyrev **delivery**
 riatonifrom **information**
 oerut **route**
 omixabi **mailbox**
 edabcro **barcode**

BANK TELLERS

Bank Tellers work directly with the public in banks and other financial workplaces. They cash checks, accept deposits and loan payments, and help customers withdraw money from their accounts. They may also sell savings bonds and traveller's checks, accept payments for customers' utility bills, and process paperwork.

CAREER HERO CHALLENGE

Suppose you are a Bank Teller. A customer wants to cash a check for \$109.28 and withdraw \$74.97 in cash from her savings account. How much total cash will she get?

\$109.28
+ \$74.97
= \$184.25

CAREER HEROES

21

CONVENTIONAL CAREERS for "Organizers"

LIBRARIANS

Librarians work in a variety of settings including public libraries, schools, museums, law firms, corporations, and non-profit and government agencies. They select, acquire, catalogue, circulate, and maintain library materials. They perform research and work with databases and information systems. They often teach customers how to use library resources.

CAREER HERO CHALLENGE

1. Put a check mark to the left of the characteristics that are important for a Librarian to have.
 - ☒ Well-mannered
 - ☒ Helpful
 - ☒ Good Listener
 - ☐ Athletic
 - ☒ Organized
 - ☐ Strong math skills
 - ☐ Like to be outside
2. Put a check mark to the right for each characteristic that you have.

LOAN OFFICERS

Loan Officers determine whether or not a bank can lend money to specific borrowers. Officers meet with loan applicants to answer their questions, to explain the different types of loans that are available, and to work out the terms and conditions for paying off the loan. They review loan applications and research the credit history of the applicants.

CAREER HERO CHALLENGE

Suppose a friend wants to borrow money from you. What questions would you ask your friend to help you decide whether you would loan the money or not?

COMPLIANCE OFFICERS

Compliance Officers examine permits, licenses, applications, and records to ensure that people comply with licensing requirements. They determine the nature of code violations, write violation notices, and participate in enforcement hearings. Compliance Officers prepare, organize, and maintain inspection records. They monitor follow-up actions where violations were found.

ORGANIZERS

What other careers can you think of that might be in the Conventional group?

22

A Career Awareness
Workbook for Elementary Students

ADDITIONAL WORKBOOK ACTIVITIES

The second half of the *Career Heroes Workbook* provides additional activities to reinforce and expand upon what your students have learned. This section of the *Teacher's Guide* will introduce the additional workbook activities and provide an answer key for each.

WHICH TYPE ARE YOU?

Here's a list of the six Career Types and the things people in those career types like to do. Under each one, circle the items that you also like to do.

Realistic

- I like to...
- ◻ work with things.
 - ◻ play sports.
 - ◻ use tools and machines.
 - ◻ be outdoors.

Social

- I like to...
- ◻ help people.
 - ◻ teach others.
 - ◻ give advice.
 - ◻ be around people.

Investigative

- I like to...
- ◻ solve problems.
 - ◻ explore.
 - ◻ learn new things.
 - ◻ use math and science.

Enterprising

- I like to...
- ◻ persuade others.
 - ◻ give directions.
 - ◻ work with people.
 - ◻ be a leader.

Artistic

- I like to...
- ◻ express myself.
 - ◻ do art projects.
 - ◻ create things.
 - ◻ use my imagination.

Conventional

- I like to...
- ◻ follow instructions.
 - ◻ solve math problems.
 - ◻ organize things.
 - ◻ work indoors.

Which one of the 6 Career Types do you think fits you best? On the lines below, explain why you think this type would be a good fit for you.

No matter which career type you choose, the additional activities in the rest of this workbook will help you learn more about the world of careers.

CAREER HEROES

23

Page 23:

"Which Type Are You?" gives students a quick review of the work personality types and asks them to apply the concept to themselves. It's okay if students choose more than one type. In fact, full interest inventories generally assign three Holland codes, allowing for a greater range of personality types.

ADDITIONAL ACTIVITIES

TRUE/FALSE QUIZ

Check the boxes to indicate whether each statement is true or false. On the blank lines, write why you chose true or false.

- | | True | False |
|--|-------------------------------------|-------------------------------------|
| 1. I need to know exactly what I want to be when I grow up.
<i>Right now, it's more important to know what your interests are.</i> | ☐ | ☒ |
| 2. Once I decide on a career, I have to stay in that career for the rest of my life.
<i>People switch careers all the time, but it's still smart to plan.</i> | ☐ | ☒ |
| 3. My job right now is being a student in school.
<i>And you do get paid for your work - not in money, but in education.</i> | ☒ | ☐ |
| 4. Lots of good work habits begin when I am a student.
<i>For example, listening, following directions, being on time, etc.</i> | ☒ | ☐ |
| 5. Kids my age don't have jobs.
<i>Kids may get paid to do chores around the house, yard, or farm.</i> | ☐ | ☒ |
| 6. The only place we learn things is in school.
<i>We are constantly learning - from our parents, friends, books, and even TV.</i> | ☐ | ☒ |
| 7. Working in a group is easy because everyone always agrees with one another.
<i>Group members must learn to work together despite disagreements.</i> | ☐ | ☒ |
| 8. People get hired for jobs just because they want them.
<i>To get hired you must be valuable to the employer (experience, ideas, etc.).</i> | ☐ | ☒ |
| 9. I need information to make good choices.
<i>There can be a big difference between our ideas about a job, and reality.</i> | ☒ | ☐ |
| 10. Positive thinking helps me take action; negative thinking causes me to stop.
<i>Self-confidence is the key to success. If you think you can't succeed, you won't.</i> | ☒ | ☐ |
| 11. I can learn from my mistakes.
<i>The lessons we never forget most often come from our mistakes.</i> | ☒ | ☐ |
| 12. It is important for me to have a plan of action when I decide on a career.
<i>When you take a trip, desire alone will not get you there. You need a map.</i> | ☒ | ☐ |

"True/False Quiz" is designed to show students that they are already preparing for a future career in many ways. Questions emphasize positive work attitudes and behaviors.

ADDITIONAL WORKBOOK ACTIVITIES

WORD SEARCH

Find the hidden words listed below. Remember, the words can run up, down, backward, forward, or diagonally.

Word List:

Career	Industry	Explore	Profession	Training
Work	Employer	Business	Occupation	Labor Market
Job	Wage	Goal	Skill	Employment
Tools	Salary	Uniform	Interests	Information

CAREER HEROES

27

Page 27:

"Word Search" introduces more career-related vocabulary words. For an extra challenge, ask students to define each term.

CAREER HERO SECRET IDENTITY SCRAMBLE

Can you reveal the secret identities of the career heroes by unscrambling the letters in the list of names below?

- | | |
|------------------|-------------------|
| 1) Anna C. Coutt | Accountant |
| 2) Ray Creets | Secretary |
| 3) Tim Niser | Minister |
| 4) Roy Tenat | Attorney |
| 5) Art Rein | Trainer |
| 6) Chet Incani | Technician |
| 7) Leon Roucs | Counselor |
| 8) Nat Joir | Janitor |
| 9) Sami C. Thin | Machinist |
| 10) Regie Nen | Engineer |
| 11) Lela A. Prag | Paralegal |
| 12) Vic E. Teedt | Detective |
| 13) Bee W. Smart | Webmaster |
| 14) Chet Ear | Teacher |

Words to choose from:

Minister	Engineer	Janitor	Trainer	Teacher
Detective	Accountant	Secretary	Webmaster	Machinist
Technician	Counselor	Paralegal	Attorney	

Page 28:

"Career Hero Secret Identity Scramble" introduces additional job titles, as well as some familiar ones. For an extra challenge, ask students what tasks are involved in each occupation.

28

A Career Awareness
Workbook for Elementary Students

ADDITIONAL WORKBOOK ACTIVITIES

EQUIPMENT CHALLENGE

Career Heroes have all the skills, knowledge, and training they need to be experts at their jobs. However, without the right tools, they can't do their jobs at all.

1. Matching - Draw a line connecting the careers on the top with the correct tools on the bottom.

2. Drawing - In the boxes below, draw a picture of a tool that might be used by each Career Hero.

Carpenter	Police Officer	Teacher	Reporter

CAREER HEROES

29

Page 29:

"Equipment Challenge" gets students thinking about the types of tools used in different jobs.

Page 30:

"Firefighter Maze" asks students to consider which tools are used in a specific occupation to get through the maze.

FIREFIGHTER MAZE

Every occupation uses a unique set of tools. Help the Firefighter Career Hero collect his tools. Taking the route with the firefighter's tools will lead you to the fire.

30

A Career Awareness Workbook for Elementary Students

SECTION TWO: TRADING CARD ACTIVITIES

These activities were designed for a classroom size of 24 to 28 students, but can be adapted to fit the unique needs of your classroom. The activities are most engaging for the students when they are allowed to collect and keep a number of cards. Our recommendation is that each student be allowed to keep 5-6 cards. ***Each set contains 32 cards, so you'll want to obtain 1 set for every 5 students in your class.*** We are no longer able to provide the cards in print, but they are still available for download as a printable PDF from our website (see contact information on page 2).

ANATOMY OF A CAREER HEROES CARD

Career type symbol

Career type (Holland Code)

Mean (average) hourly wage for Delaware, 2024

Job description

Some of the trading card activities ask students to find specific career information listed on the *Career Heroes Trading Cards*. The diagrams on this page show where you and your students can find the information you will need.

Occupation title

Skills used in this occupation

Knowledge used in this occupation

Tools/technologies used

Type and length of training required for this occupation

Average employment in this occupation in Delaware, 2024

Career Cluster

PREPARING FOR THE ACTIVITIES

- Step 1:** Break the class into groups of 5 (number can be adjusted according to class size).
- Step 2:** For each group, choose one student to act as the **Dealer**. Give the **Dealer** in each group one complete set (32 cards) of *Career Heroes Cards*.
- Step 3:** Ask the **Dealer** to shuffle the cards, then deal out three cards to each student in his/her group, including him/herself.
- Step 4:** Instruct the **Dealer** to set the remaining cards aside.
- Step 5:** Give the students a few minutes to read each of their cards carefully.
- Step 6:** Play *Career Heroes Bingo* (instructions below).

ACTIVITY 1: CAREER HEROES BINGO

This activity will acquaint your students with the *Career Heroes Trading Cards*, and with the occupations they represent, in a fun way that offers rewards for participation. The following pages contain 3 sets of clues. Each set includes 32 clues, each corresponding to one of the 32 *Career Heroes Cards*. These clues are presented in random order, so you can read straight down the list, or you can choose clues randomly. (**Tip:** *Photocopy the clues pages and check off each clue as you read it to prevent repetition.*)

- Step 1:** Read the first clue aloud, and ask the students to look at their cards to see if the clue matches one of the cards in their hands.
- Step 2:** Students who find matching cards should lay them on the table in front of them.
- Step 3:** Continue reading clues, one by one, until one of the groups has five cards laid on the table. The first group to lay down five cards should yell BINGO.

(Note: *It is okay if more than one group wins, since the reward will work for multiple groups*)
- Step 4:** Ask the students to name the five *Career Heroes Cards* on the table, and check to make sure they match the clues you read. If they don't, keep playing; if they do, award the prize.
- Step 5:** The prize for winning is the chance for each student in that group to exchange his/her cards for different ones. They may keep their cards, or they may exchange for up to three randomly dealt cards from the remainder of the deck. The group's **Dealer** should conduct the exchange.
- Step 6:** When the exchange is over, have the **Dealer** shuffle the exchanged cards back into the deck. Each student should still have 3 cards.
- Step 7:** Play again, using the second set of clues. Then play again, using the third. Play as many times as desired before moving on to the next activity. The more times you play, the more familiar the students will become with the information on the cards, and the more chances they'll have to find and keep *Career Heroes* in the occupations that interest them.

Career Heroes Bingo - Clues Set #1 - Job Description

☐	One of my jobs is to help my clients make good food choices so that they will stay healthy.	Nutritionist
☐	My clients come to me with projects for the computer. I organize their ideas and then I write a computer program to make the project work.	Computer Programmer
☐	I provide for public safety by maintaining order, responding to emergencies, protecting people and property, and enforcing the laws.	Police Officer
☐	My job is to contact businesses or individuals by telephone to solicit sales for goods or services, or to request donations for charitable causes.	Telemarketer
☐	I drive a truck in your neighborhood to collect your trash and recyclables. I take these materials to the proper disposal site.	Trash Collector
☐	I am responsible for accurately processing routine transactions at a bank, such as cashing checks, depositing money, and collecting loan payments.	Bank Teller
☐	I make things look good so that people will be interested in them. I like working on magazine covers and book jackets the most of all.	Graphic Designer
☐	I love to make people look their best! My favorite job activity is to style a bride's hair and do her makeup for her special day.	Hairdresser/ Cosmetologist
☐	My job is to perform administrative and certain clinical duties under the direction of a physician. Duties may include scheduling appointments, and taking and recording patients' vital signs and medical histories for their medical exam.	Medical Assistant
☐	You will very often find me under a car performing routine maintenance. Sometimes I test drive vehicles to find out what's wrong with them.	Automotive Mechanic
☐	I like to make everything run smoothly in the kitchen. I order food, I manage cooks, I estimate the cost of ingredients, and most fun of all, I decide how to present the food beautifully to our diners.	Chef
☐	My job is to dispense prescription medications to patients and offer expertise in the safe use of prescriptions. I sometimes provide immunizations, oversee the medications given to patients.	Pharmacist
☐	When I was young, I always had my nose in a book. Now, it is my job to teach students. I prepare course materials, give lectures, and evaluate students' work.	Elementary School Teacher
☐	I don't mind having my hands in people's mouths all day. I get satisfaction from helping my patients maintain healthy and beautiful teeth.	Dentist
☐	I always wear a mask to protect my eyes when I am joining metal pieces together. The flame-cutting equipment is very dangerous but I know how to use it safely.	Welder
☐	I love my job because I get to study the chemical and physical principles of living things and of biological processes. It's fun to work in a laboratory.	Biochemist

☐	I plan, design, and oversee the construction and maintenance of airports. It is an important job because many lives depend on the results of my work. Others in my occupation plan and construct buildings or bridges.	Civil Engineer
☐	When responding to an emergency, I am responsible for connecting hoses to hydrants, operating the pumps that power the hoses, climbing ladders, and using other tools to break through debris.	Firefighter
☐	I like to provide and coordinate patient care, and also educate patients about various health conditions. My job is very rewarding.	Registered Nurse
☐	Most times you will find me up in the sky, above the clouds. I navigate airplanes, helicopters, and other aircraft.	Pilot
☐	My job is to capture the moment and tell a story. In order to do that well, I must know how to measure light and determine shutter speeds. I am most satisfied when my clients are happy with the results of my work.	Photographer
☐	I will come to your house, measure the room, calculate the area, and plan the layout. It is important that I do the installation carefully because if I don't, your new flooring could be very unattractive or I could even create a tripping hazard!	Carpet Installer
☐	I love my job because I can help people look and feel their best. I work with both groups and individuals. I teach my students and clients how to exercise properly.	Fitness Trainer
☐	If you ever need to call 911, I could be the person who comes to help you. It is my job to decide what treatment is needed immediately and then provide it. It is important for me to be well-trained because people's lives depend on it.	Emergency Medical Technician
☐	I work in a quiet place. My job is to catalogue written and visual resources and circulate them to the public. I also maintain special collections and archives. My job is never boring because the information is constantly changing.	Librarian
☐	I took this oath before performing the duties of my office: "I do solemnly swear that I will administer justice without respect to persons, and do equal right to the poor and to the rich, and that I will faithfully and impartially discharge and perform all the duties incumbent upon me..."	Judge
☐	My job is to transport people between various places—including work, school, and shopping centers. I can transport a lot of people at the same time.	Bus Driver
☐	I study the chemical, physical, biological, and mineralogical composition of soils as they relate to plant or crop growth.	Soil and Plant Scientist
☐	I deliver mail to homes and businesses. Sometimes I do my route on foot and sometimes I drive a mail truck.	Mail Carrier
☐	I determine what my company's training needs are. I like to develop and conduct worthwhile programs for the employees because that makes our company stronger.	Training Specialist
☐	My job is fascinating. I get to design the places people need to live, work, play, learn, shop, and eat. I design both indoor and outdoor spaces.	Architect
☐	You can find me in a lot of different places. I greet customers when they come into my work. I scan customers' purchases and take payments from customers or the items they wish to purchase.	Cashier

Career Heroes Bingo - Clues Set #2 - Personality Type and Cluster

☐	My job is considered Enterprising because I am required to make a lot of difficult decisions. My job is in the <u>Law, Public Safety, Corrections & Security</u> cluster.	Judge
☐	I am Investigative ; I like to solve problems using science. My job is in the <u>Health Science</u> cluster.	Pharmacist
☐	I am a good fit for this job because I am Realistic . I know policies and strategies to promote public safety. I am in the <u>Law, Public Safety, Corrections & Security</u> cluster and make \$33/hr.	Police Officer
☐	This job requires me to have good knowledge of customer service, and understand business and management principles, so it's good that I am an Enterprising person! I work in the <u>Marketing, Sales and Service</u> cluster.	Telemarketer
☐	I have a Realistic career in the <u>Architecture & Construction</u> cluster and I make \$43/hr. planning and designing projects.	Civil Engineer
☐	In this Investigative career in the <u>Information Technology</u> cluster, I write computer programs that meet my client's needs.	Computer Programmer
☐	Customer service is very important in my Conventional job because I talk to a lot of people. I like working in the <u>Marketing, Sales & Service</u> cluster.	Cashier
☐	I work in the <u>Education & Training</u> cluster. In this Social career, it's a good thing I love spending my days helping students or I would not be happy in my job.	Elementary School Teacher
☐	My job is Artistic . I'm a good match for this work because I love using mathematics to solve problems. I work in the <u>Architecture & Construction</u> cluster.	Architect
☐	I make \$22/hour responding to emergencies when people, property or the environment are at risk. I have a Realistic career in the <u>Law, Public Safety, Corrections & Security</u> cluster.	Firefighter
☐	In my Social career, I conduct and supervise training programs. I love this work because I am providing a service to others. My job is in the <u>Business Management & Administration</u> cluster.	Training Specialist
☐	I'm a good match for this job because I enjoy developing methods of conserving or managing soil that can be applied by farmers or forestry companies. My Investigative career is in the <u>Agriculture, Food & Natural Resources</u> cluster.	Soil and Plant Scientist
☐	I have a Realistic career in the <u>Manufacturing</u> cluster. I love that I get to work with my hands. I make \$23/hr.	Welder
☐	I have a lot of responsibility in my Conventional job! Mathematics and customer service are a big part of my job. I work in the <u>Finance</u> cluster.	Bank Teller
☐	I use my Artistic talents to make my client's products look good. Not surprisingly, my job is in the <u>Arts, Audio/Visual Technology & Communications</u> cluster. I make \$22/hr.	Graphic Designer
☐	I like to use my hands in my work and be "on the road." This Realistic career is considered part of the <u>Agriculture, Food & Natural Resources</u> cluster.	Trash Collector

☐	My Conventional career requires that I master tools such as vision charts, blood pressure equipment, oxygen equipment, and x-ray machines. I work in the <u>Health Science</u> cluster.	Medical Assistant
☐	I usually travel an established route either by foot or vehicle. This is a Conventional career and I use logic and reasoning to get my job done. I work in the <u>Government & Public Administration</u> cluster.	Mail Carrier
☐	In this Conventional career, I catalogue books and teach people to use all of our resources. I work in the <u>Education & Training</u> cluster.	Librarian
☐	I never get tired of my <u>Health Science</u> cluster job because it is Investigative . Every day is interesting as I try to find ways to help my clients' maintain oral health.	Dentist
☐	If you are Artistic , you might like my job. I use my creativity every day in this <u>Human Services</u> cluster career.	Hairdresser/ Cosmetologist
☐	When you think of my Enterprising job, do you think all I do is cook? You probably don't know that I lead and manage people and make lots of decisions. My career is in the <u>Hospitality and Tourism</u> cluster.	Chef
☐	I am Artistic and work in the <u>Arts, Audio/Visual Technology & Communications</u> cluster. I express myself with every click of the shutter.	Photographer
☐	I like my Realistic job because I get to watch gauges and dials to make sure everything is working properly. In my <u>Transportation, Distribution & Logistics</u> cluster career, I get to control the operations of equipment and systems..	Pilot
☐	In my Social job, I work closely with groups and individuals. It is important for me to help people so this is a good career match. I work in the <u>Human Services</u> cluster.	Fitness Trainer
☐	I have a Realistic career in the <u>Architecture & Construction</u> cluster. It's a good fit for me because I like to work with my hands and make my customer's rooms look nice. I make \$23/hr.	Carpet Installer
☐	In my Investigative job, I love to figure out solutions to problems so that my clients stay healthy. My <u>Health Science</u> cluster job is just the right work for me.	Nutritionist
☐	My career is Investigative . I've always known that I love to search for clues and solve problems so this is a good job match. I work in the <u>Science, Technology, Engineering & Mathematics</u> cluster.	Biochemist
☐	My job is Realistic . You know what that means; I love to work with my hands to solve practical problems. I work in the <u>Transportation, Distribution & Logistics</u> cluster and make \$20/hr.	Automotive Mechanic
☐	I work in the <u>Health Science</u> cluster. In this Social job, I actively look for ways to help people. I have knowledge of human behavior, which is vital to my work.	Registered Nurse
☐	In this Realistic career, I help people get from one place to another. I work in the <u>Transportation, Distribution & Logistics</u> cluster.	Bus Driver
☐	I am a Career Hero who is Social . If I couldn't help people in my work, I would not be happy. I work in the <u>Law, Public Safety, Corrections & Security</u> cluster.	Emergency Medical Technician

Career Heroes Bingo - Clues Set #3 - Training, Tools, Numbers, and Powers

☐	I have a Bachelor's Degree and know how to use a <i>glucose monitor</i> and a <i>calorimeter</i> . There are <u>180</u> people in Delaware who do this job.	Nutritionist
☐	I learned how to use <i>money counters, printers, and scanners</i> in less than a month on-the-job . There are <u>1,550</u> of us in the state of Delaware.	Bank Teller
☐	I am 1 of <u>380</u> in Delaware who has completed a Master's Degree + 2 more years of school to do this job. I have a strong knowledge of <i>English</i> and <i>computers</i> .	Librarian
☐	I am the Career Hero who has a Bachelor's + related work experience . There are <u>120</u> of us who have a thorough knowledge of <i>laws, legal codes, and court procedures</i> .	Judge
☐	There are <u>11,620</u> of us working in Delaware! I earned a Bachelor's Degree to do this job. I'm good at <i>customer service</i> and I can use a <i>blood pressure monitor</i> properly.	Registered Nurse
☐	I learned how to use <i>glue guns, power saws, and utility knives</i> in less than a year on-the-job . There are <u>130</u> of us in the state of Delaware.	Carpet Installer
☐	I have the experience necessary for this job because I have worked at local restaurants since I was 18 years old. There are <u>520</u> of us who have the skills to <i>manage staff</i> and <i>assess their work performance</i> so that our standards remain high.	Chef
☐	It took me 8 years to get my Professional Degree . My job is done by <u>380</u> in Delaware. I use <i>drills</i> and am also skilled at using <i>logic and reasoning</i> to <i>make good decisions</i> .	Dentist
☐	I have knowledge of <i>customer service, education and training, and human behavior</i> . I went to vocational school and am joined by <u>1,040</u> others in this career.	Fitness Trainer
☐	There are <u>1,310</u> of us ready to help Delawareans. My vocational education taught me how to use a <i>stretcher, a syringe, an oxygen mask, and many other medical tools</i> .	Emergency Medical Technician
☐	It took me more than a year on-the-job to begin to master <i>digital cameras, scanners, and light meters</i> . You can choose from <u>110</u> of us to record your special event.	Photographer
☐	Along with <i>knowledge of plant and animal organisms, their interactions with each other and the environment</i> is a very important mental power in my career. There are <u>80</u> of us who completed the Bachelor's Degree necessary for our work.	Soil and Plant Scientist
☐	In my vocational education I learned to use <i>blow torches</i> and <i>arc welders</i> safely. <u>Six-hundred and thirty</u> of us do this job in Delaware.	Welder
☐	In vocational school, I learned <i>mechanics, engineering, and computers</i> . I also learned how to <i>provide good service</i> to my customers so they will want to return. There are a lot of us in Delaware! And remember, women can do this job, too!	Automotive Mechanic
☐	In Delaware, <u>470</u> creative people have their Bachelor's Degree so they can do this job. I am skilled with <i>computers</i> and <i>digital cameras</i> . I have also learned to <i>listen carefully to my clients</i> so I can be sure to meet their needs.	Graphic Designer
☐	There are nearly <u>440</u> of us in Delaware. It took me more than a year training on-the-job to learn the necessary skills. I ride in a large truck with a big ladder and a loud siren.	Firefighter

☐	My super powers include <i>giving full attention</i> to what other people are saying, and <i>asking questions</i> as appropriate. My career requires 1-3 years of vocational training . There are <u>2,980</u> of us in Delaware.	Medical Assistant
☐	I have a Bachelor's Degree and I also completed an Internship. There are <u>less than 150</u> of us in the state but you can be sure that we all love to use <i>drafting machines</i> to <i>create technical plans and models</i> .	Architect
☐	<u>Nine-hundred and fifty</u> of us do this job. We all have a Bachelor's Degree , and our super powers include <i>speaking effectively</i> and <i>teaching others</i> .	Training Specialist
☐	It took me only a month of training for my career, and now I'm one of <u>490</u> who keeps our state clean of trash. I like driving a <i>cargo truck</i> and providing <i>customer service</i> for my job. I am proud that I can contribute to keeping Delaware clean.	Trash Collector
☐	Vocational education prepared me for my job, which requires me to have basic principles of <i>chemistry</i> as well as good <i>customer service</i> . Lots of people must want to look good because there are <u>1,760</u> of us.	Hairdresser/ Cosmetologist
☐	My super powers are <i>speaking effectively</i> , <i>persuading people</i> , and <i>paying attention to what other people are saying</i> . I did one month or less of on-the-job training . There are <u>50</u> of us in Delaware.	Telemarketer
☐	In my profession, I need to know a lot about <i>chemistry</i> and <i>mathematics</i> . That's why I got a Doctoral Degree . There are only <u>150</u> in Delaware. I have mastered using a lot of different kinds of <i>lab equipment</i> .	Biochemist
☐	My mental powers include <i>laws and rules</i> and <i>personal service</i> which I learned while completing my vocational education . I now have the skills to <i>understand behavior</i> . There are <u>1,840</u> of us in Delaware.	Police Officer
☐	I <i>listen carefully to others</i> and use <i>logic and reasoning</i> so that I can effectively get people where they need to go. I have a special license and did one year of on-the-job training . There are <u>390</u> people who do this job in Delaware.	Bus Driver
☐	I went to school for four years to complete my Bachelor's Degree so that I would be knowledgeable enough to teach my students. There are <u>4,060</u> of us in Delaware.	Elementary School Teacher
☐	I like to use <i>scientific methods</i> to do my job. I have mastered label-making machines since I use them every day. I got a Doctoral Degree and studied very hard to get excellent grades. There are <u>1,010</u> people in Delaware who do this job.	Pharmacist
☐	I went to college for 4 years (Bachelor's) and learned about <i>computers</i> and <i>servers</i> . My strongest super power is <i>writing computer programs</i> . There are <u>1,130</u> of us.	Computer Programmer
☐	Short-term on-the-job training gave me the <i>knowledge of policies and procedures to promote public safety and security</i> . I am very good at <i>talking to others to provide information</i> if I do say so myself. <u>1,120</u> of us provide this service.	Mail Carrier
☐	I have a Bachelor's Degree which provides me with a strong background in <i>engineering and technology</i> . I'm also well-versed in <i>design</i> and <i>building and construction</i> . There are <u>780</u> of us in Delaware.	Civil Engineer
☐	My job requires short-term on-the-job training and there are <u>12,560</u> of us in Delaware! I know a lot about <i>customer service</i> and <i>talking to others to provide information</i> .	Cashier
☐	My job requires vocational education . I have knowledge of <i>machines and tools</i> and <i>geography</i> and most often use <i>communications systems</i> in my work. There are <u>270</u> of us in the state.	Pilot

ACTIVITY 2: THE WAGE GAME

- Step 1:** Select one student in each group to be the Recorder.
- Step 2:** Ask each student to choose one of their 3 cards, and set the remaining two aside.
- Step 3:** Instruct the students to read aloud to their groups the *Occupation Title* and *Feats Performed* section from the front of the cards. Instruct them *not to reveal the wage points*. When they are done reading each card, instruct them to place it *face down* on the table, so that the occupation details (such as *Super Powers*) are displayed.
- Step 4:** Ask each group to use the information on the backs of the cards to help them guess which of the selected Career Heroes earns the highest wages. Instruct the Recorder to write a list that orders them from highest to lowest wages.
- Step 5:** **Discussion:** Ask the class, as a whole, how they decided which jobs paid the most? On what factors did they base their decisions?
- Step 6:** After you have heard from each group, have all the students turn over their cards to reveal the *Wage Points*. Have the Recorder write a second list beside the first, ordering the Career Heroes by their actual *Wage Points* from highest to lowest. How did they compare?
- Step 7:** **Discussion:** “Why do some jobs pay more than others?” After hearing some ideas from students, instruct them to arrange the selected cards on the table in order of *Wage Points* from highest to lowest, then to flip the cards again so the back side is showing. Ask them if they notice any patterns that emerge in the information. There shouldn’t be a correlation between wage and skills, knowledge, or tools mastered. Some groups might find a correlation between wage and Number of Heroes in this Career, but generally they won’t. However, there should be a noticeable correlation between wage points and length of training. If none of the students picks up on this, you may have to point it out.
- Note: Depending on the cards chosen by the group, this correlation might be weak or not show up at all, but taking into account wage data from all occupations, there is a definite correlation.*
- Step 8:** **Discussion:** Explain to the students that some occupations (like *Dentists* or *Veterinarians*) require very specialized training that takes a long time to complete, while other jobs (like *Trash Collectors*) use more general skills and knowledge that take only a short time to acquire. If jobs that took only a month to learn paid as much as jobs that require 8 years of college, how many people would want to spend all that time and money training? Introduce the concept of training as an investment that usually pays off in the form of higher wages. Also, introduce the concept of supply and demand. Most people have general skills and knowledge. Because a lot more people are qualified for those kinds of jobs, workers are easily replaced and can’t demand to be paid as much. Far fewer people are willing to spend years and years training for an occupation, so they can ask for higher wages simply because there aren’t as many people qualified to replace them.

ACTIVITY 3: NAME THAT SKILL

At this point, your students will have been exposed to the idea of skills as a Career Hero's *Super Powers*. They have had the chance to see that different skills are needed for different occupations, but they may not yet understand what all the terms mean. The *Name That Skill* game will help them learn the definition of each of the skills listed on the *Career Heroes Trading Cards*.

Step 1: Ask the students to return all 3 cards to their hands.

Step 2: Read aloud one of the skills definitions in the right-hand column of the Skills Table on the following page. **Tip:** *The skills in the Skills Table have been presented in alphabetical order to make it useful as a reference sheet. However, for the game, you may want to read the definitions in a random order.*

Step 3: Ask the students to review the *Super Powers* sections on the backs of their cards. Do any of these skills match the definition? If so, ask the students to guess which skill matches the definition, and to lay all Career Hero cards that list that skill on the table.

NOTE: Column 1 provides the exact wording of the skills found in O*NET OnLine. Column 2 provides the same skills, but they are more descriptive to facilitate comprehension. The students will match the skills on their cards to Column 2.

Step 4: Reveal the skill that matches the definition. Ask the students to count the number of cards on the table that list the correct skill, and have the recorder write down the total score for their group.

Step 5: Repeat this process until 10 definitions have been read. Have the groups add their 10 scores together to come up with a total. The group with the highest total score wins. (In case of a tie, two winning groups is acceptable.)

Step 6: Instruct the winning team(s) to have their dealer deal out 1 additional card to each team member.

Step 7: Repeat steps 2-6. It is up to you whether to repeat the process until all the definitions have been read, or to set a limit on the number of rounds.

SKILLS TABLE

	Column 1	Column 2	
	Skills from O*NET (www.onetonline.org)	Skills from Career Hero Cards (more descriptive)	Skill Definitions from O*NET
1.	Active Learning	Learn new information and apply it	Understanding new information and using it to help make decisions.
2.	Active Listening	Listen carefully to others	Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
3.	Complex Problem Solving	Solve difficult problems	Identifying problems and using the available information to come up with solutions.
4.	Coordinating	Coordinate your actions with others	Adjusting your actions in relation to the actions of others.
5.	Critical Thinking	Use logic and reasoning	Using logic and reasoning to identify the strengths and weaknesses of ideas.
6.	Equipment Selection	Select the best tools for the job	Picking the best tools to do the job.
7.	Instructing	Teach others	Teaching others how to do something.
8.	Judgment and Decision Making	Make good decisions	Weighing all the advantages and drawbacks in a given situation, and choosing the best option.
9.	Learning Strategies	Know how to learn	Picking the best ways to teach or learn a new subject.
10.	Management of Personnel Resources	Manage people	Deciding how best to assign work to employees, identifying the best people for the job, and keeping workers motivated.
11.	Mathematics	Solve problems using Math	Using numbers and calculations to solve problems.
12.	Monitoring	Assess your work performance	Keeping track of your work performance, and the performances of other people and organizations, to make improvements or correct mistakes.

(continued on page 16)

SKILLS TABLE *(continued)*

13.	Operation and Control	Control operations	Controlling operations of equipment or systems.
14.	Operation Monitoring	Monitor operations	Watching gauges, dials, or other indicators to make sure a machine is working properly.
15.	Operations Analysis	Analyze needs and product requirements	Analyzing needs and product requirements to create a design.
16.	Persuasion	Convince people	Convincing others to change their minds or behavior.
17.	Programming	Write computer programs	Writing computer programs for various purposes.
18.	Reading Comprehension	Understand what you read	Understanding written sentences and paragraphs in work related documents.
19.	Science	Solve problems using science	Using scientific rules and methods to solve problems.
20.	Service Orientation	Help people	Actively looking for ways to help people.
21.	Social Perceptiveness	Be aware of others' reactions	Being aware of others' reactions and understanding why they react as they do.
22.	Speaking	Speak effectively	Talking to others to convey information effectively.
23.	Time Management	Manage your time	Managing one's own time and the time of others.
24.	Writing	Write well	Selecting the best words to clearly communicate with your audience using text.

ACTIVITY 4: CAREER CLUSTERS MATCH

Step 1: Make enough copies of the *Career Clusters Match Worksheet* for each student, or for each group.

Step 2: Explain the concept of Career Clusters to the class. (See below)

What are Career Clusters?

Career Clusters are groups of occupations that go together because they share a common set of skills and knowledge. For instance, architects, carpenters, electricians, plumbers, and roofers all need to know how buildings are put together, so they have all been grouped in the Architecture & Construction Cluster. Organizing careers into clusters helps educators design programs of study for a whole group of related occupations and career specialties. Career Clusters also make it easier for students to learn which kinds of jobs match their skills and interests.

Step 3: Hand out the *Career Clusters Match Worksheets*. Students can complete the worksheets individually, or as a group. Instruct the students to write the number of the correct Career Cluster in the blank next to each clue.

Step 4: When the worksheets have been completed, read the first definition aloud to the students. Either reveal the correct cluster to your students or ask the students to give their answers. Now ask which students have Career Heroes that belong in that cluster. Have each person who has a Hero in that cluster say the name of the occupation aloud to the class. Discuss if questions arise.

CAREER CLUSTERS MATCH

- 1** Agriculture, Food & Natural Resources
- 2** Architecture & Construction
- 3** Arts, Audio/Visual Technology & Communications
- 4** Business Management & Administration
- 5** Education & Training
- 6** Finance
- 7** Government & Public Administration
- 8** Health Science
- 9** Hospitality & Tourism
- 10** Human Services
- 11** Information Technology
- 12** Law, Public Safety, Corrections & Security
- 13** Manufacturing
- 14** Marketing, Sales & Service
- 15** Science, Technology, Engineering & Math
- 16** Transportation, Distribution & Logistics

Careers related to helping individuals and families, and providing for human needs.

Careers in producing, processing, marketing, and distributing agricultural products, including food, wood products, mineral resources, and other plant and animal products.

Careers related to scientific research and related services, such as laboratory and testing services, and research and development services.

Careers in the legal system, public safety, protective services, and homeland security.

Careers in designing, planning, managing, building, and maintaining the built environment.

Careers related to teaching, schools, and training programs.

Careers related to restaurants and other food services, hotels and lodging, attractions, recreation events, and travel-related services.

Careers related to governmental functions, including national security, tax collection, regulation, and management at the local, state, and federal levels.

Careers in designing, developing, providing support, and managing computers, software, networks, and multimedia.

Careers involved in the movement of people, materials, and goods by road, pipeline, air, rail and water, and related services.

Careers involved in processing materials into products.

Careers in planning, organizing, directing, and evaluating business operations.

Careers related to medicine, such as health care, public health information, and biotechnology research and development.

Careers involved in targeting and informing potential customers of products and services they would find useful, increasing sales, and building brands.

Careers in performing, producing, exhibiting, writing, and publishing multimedia content, including visual and performing arts, design, journalism, and entertainment.

Careers related to money management, investment planning, banking, insurance, and business financial management.

CAREER CLUSTERS MATCH

ANSWER KEY

Careers related to helping individuals and families, and providing for human needs.	10
Careers in producing, processing, marketing, and distributing agricultural products, including food, wood products, mineral resources, and other plant and animal products.	1
Careers related to scientific research and related services, such as laboratory and testing services, and research and development services.	15
Careers in the legal system, public safety, protective services, and homeland security.	12
Careers in designing, planning, managing, building, and maintaining the built environment.	2
Careers related to teaching, schools, and training programs.	5
Careers related to restaurants and other food services, hotels and lodging, attractions, recreation events, and travel-related services.	9
Careers related to governmental functions, including national security, tax collection, regulation, and management at the local, state, and federal levels.	7
Careers in designing, developing, providing support, and managing computers, software, networks, and multimedia.	11
Careers involved in the movement of people, materials, and goods by road, pipeline, air, rail and water, and related services.	16
Careers involved in processing materials into products.	13
Careers in planning, organizing, directing, and evaluating business operations.	4
Careers related to medicine, such as health care, public health information, and biotechnology research and development.	8
Careers involved in targeting and informing potential customers of products and services they would find useful, increasing sales, and building brands.	14
Careers in performing, producing, exhibiting, writing, and publishing multimedia content, including visual and performing arts, design, journalism, and entertainment.	3
Careers related to money management, investment planning, banking, insurance, and business financial management.	6

ACTIVITY 5: OCCUPATION OF CHOICE

By now, the students should begin to develop a sense of which careers are most interesting to them. This activity exposes them to additional occupations, and allows them to choose their favorites.

Step 1: Instruct the Dealer to deal out the remaining cards until everyone in the group has an equal number of cards (for groups of 5, this will be 6 cards per student, with 2 left over).

Step 2: Give the students a few moments to look over their new cards. Instruct them to read the *Feats Performed* summary on the front of each card to get a sense of what the job is all about.

Step 3: Ask students to choose one card that depicts the job they would most like to have when they grow up.

Optional: Allow students to trade cards in order to get the occupation that best suits their interests. (Skip this option if you feel it would create too much disorder in your classroom)

Step 4: After each student has chosen a favorite card, have them fill out the *Occupation of Choice Worksheet*.

Step 5: Ask the students to read their answers aloud to their groups.

OCCUPATION OF CHOICE

1) Occupation: _____

2) What do you like about this occupation? _____

3) Where would you work? (office, shop, home, outdoors, etc.) _____

4) How much would you get paid? Hourly _____ Monthly _____ Annually _____

(Note: Monthly = Hourly x 160, Annually = Monthly x 12)

5) Read the ***Mental Powers*** section on the back of your selected *Career Heroes* card. Which school subjects are helping you gain the knowledge you'll need? In the blanks below, list the knowledge from the card beside the school subject that will help you master it.

Math: _____

Science: _____

English: _____

Social Studies: _____

Physical Education: _____

Art: _____

Other: _____

6) How would you prepare to get a job in this occupation? (school, practice, volunteer work, etc.) **Hint:** Check the ***Training*** Section on the back of the card.

ACTIVITY 6: CAREER HEROES COMMUNITY

This activity may require some inventiveness on the part of the teacher, since each school will have access to different resources. The activity involves making a large format map and having students populate it with *Career Heroes*.

- Step 1:** Decide what materials you will use in this activity. A large piece of poster-board, a section of large-format roll paper, or even several sheets of notebook paper taped together will be needed for each group. Additional art supplies, such as construction paper, paint, or markers may be used.
- Step 2:** Ask the students to think about all of the *Career Heroes* they have learned about. Have them make a list of some of the places these *Heroes* would work (examples would be grocery store, shopping mall, bank, hospital, etc.). Instruct each group to create a map of a small town (and possible surroundings) where their *Career Heroes* will work. Students should draw and label the buildings and/or outdoor areas on their map.
- Step 3:** Pose these questions: Who's missing from the city? What other occupations are needed to keep a community working properly? Allow students to brainstorm and call out answers as they think of them. Tell them to also think about occupations that were not displayed on the trading cards.
- Step 4:** Have each student create a new *Career Hero Trading Card* for one of the new occupations they named. Photocopy the blank card template on the next page for students to use. For an extra challenge, students can research their occupations and fill in the missing information. Ask students to cut their cards out, and place them on the map where their new *Career Hero* will work.

A form with a grey marbled background. At the top left is a white circle connected to a horizontal progress bar. Below this is a large white rectangular area. At the bottom left is the label "Feats Performed:" followed by another large white rectangular area. At the bottom right is the label "Wage Points: \$ /hour".

Career Heroes Trading Cards

Automotive Mechanic

REALISTIC CAREER

Wage Points: \$ 26/hour

Feats Performed:

Automotive Service Technicians & Mechanics repair cars, trucks, buses, and other vehicles. They talk to customers, test drive vehicles, and use machines to figure out problems and fix them. They also do regular maintenance on vehicles, like oil changes.

40-3023

CAREER HEROES

Automotive Mechanic

Super Powers (Skills): repair or replace broken parts; figure out problems and fix them; select the best tools for the job; conduct inspections

Mental Powers (Knowledge): understanding how things fit together and work together; computers and electronics; customer service; math and technology

Tools Mastered: wrenches; hammers; scanners; voltage meters; jacks and lifts; grinders and buffers

Training: Vocational Education (1 to 2 years)

Number of Heroes in this Career (Delaware): 1,840

Transportation, Distribution & Logistics Cluster

Carpet Installer

REALISTIC CAREER

Wage Points: \$ 22/hour

Feats Performed:

Carpet Installers cut and lay carpet on floors. They measure the room, and figure out the size and shape they need for the pad and the carpet. They clean and fix the floor if needed, then cut the pad and carpet, lay them down and stretch the carpet to remove any bumps in it.

47-2041

CAREER HEROES

Carpet Installer

Super Powers (Skills): listen carefully to others; use logic and reasoning; solve problems using math; coordinate your actions with others; assess your work performance

Mental Powers (Knowledge): customer service; mathematics; public safety; mechanical knowledge; quality control; design

Tools Mastered: glue guns; floor scraper blades; power saws; staple guns; carpet shears; utility knives

Training: Short-term on-the-job training (1 month or less)

Number of Heroes in this Career (Delaware): 150

Architecture & Construction Cluster

CAREER HEROES

Chef

Super Powers (Skills): manage staff; assess the work performance of staff; use logic and reasoning; manage time; listen carefully to others; make good decisions

Mental Powers (Knowledge): food production; strategic planning; leadership; customer service; education and training; mathematics; hiring and training staff; public safety

Tools Mastered: knives; food slicers; graters; ovens/stoves; food thermometers; strainers; broilers; computers

Training: Vocational training or work experience

Number of Heroes in this Career (Delaware): 490

Hospitality & Tourism Cluster

Chef

ENTERPRISE CAREER

Wage Points: \$ 32/hour

Feats Performed:

Chefs plan menus and create new dishes and food combinations. They supervise other chefs and kitchen workers. They figure out the costs of food, and place orders for food and other supplies. They also make sure the food is cooked properly and looks nice.

35-1011

CAREER HEROES

Biochemist

Super Powers (Skills): use scientific rules and methods to solve problems; use logic and reasoning; use mathematics to solve problems; reading and understanding work documents

Mental Powers (Knowledge): knowledge of plant and animal organisms and the environment; chemistry and chemical reactions; knowledge of physical principles and laws; mathematics

Tools Mastered: centrifuges; lasers; light scattering equipment; spectrometers; microscopes

Training: Doctoral Degree (Bachelors + 4-6 more years of study)

Number of Heroes in this Career (Delaware): 470

Science, Technology, Engineering & Mathematics Cluster

Biochemist

INVESTIGATIVE CAREER

Wage Points: \$ 51/hour

Feats Performed:

Biochemists study the material living cells and organisms are made of. They use what they learn to develop new substances and medicines that can help people. They also study how other substances affect the living cells and organism.

19-1011

Telemarketer

ENTERPRISE CAREER

Wage Points: \$ 20/hour

Feats Performed:

Telemarketers contact businesses or individuals by telephone to solicit sales for goods or services, or to request donations for charitable causes. They explain products or services and prices, answer questions from customers, and maintain records of orders.

41-9041

CAREER HEROES

Telemarketer

Super Powers (Skills): speak effectively; persuade people; pay attention to what other people are saying; be aware of others' reactions; logic and reasoning

Mental Powers (Knowledge): customer service; business and management principles; communication techniques and methods; computers; computer software

Tools Mastered: telephones; desktop computers; phone headsets; multi-line telephone systems; call recorders

Training: Short-term on-the-job training (1 month or less)

Number of Heroes in this Career (Delaware): 50

Marketing, Sales and Service Cluster

Civil Engineer

REALISTIC CAREER

Wage Points: \$ 51/hour

Feats Performed:

Civil Engineers plan, design, and oversee the construction of roads, bridges, dams, pipelines, airports, and other large structures. They give advice to workers on the best way to do things and manage the building or maintenance activities at the project site.

17-2051

CAREER HEROES

Civil Engineer

Super Powers (Skills): solve difficult problems; use logic and reasoning; make good decisions; solve problems using math; analyze needs and product requirements

Mental Powers (Knowledge): engineering and technology; design; building and construction; mathematics; public safety and security; physics

Tools Mastered: compasses; distance meters; levels; scales; Computer Aided Design (CAD) software

Training: Bachelor's Degree (4 years of college)

Number of Heroes in this Career (Delaware): 1,000

Architecture & Construction Cluster

CAREER HEROES

Architect

Super Powers (Skills): use logic and reasoning; complex problem solving; using mathematics to solve problems; listen carefully to others; speak effectively to others

Mental Powers (Knowledge): engineering and technology; creating technical plans and models; materials, methods, and tools used in construction; customer service

Tools Mastered: drafting machines; computers; digital cameras; templates; saws and knives

Training: Bachelor's Degree and Internship

Number of Heroes in this Career (Delaware): 430

Architecture & Construction Cluster

Architect

ARTISTIC CAREER

Wage Points: \$ 84/hour

Feats Performed:

Architects plan and design buildings. They work with people who have an idea of what kind of building they want and turn their idea into a practical plan. Then they create drawings that tell builders what materials to use and how to construct the building.

37-9011

CAREER HEROES

Computer Programmer

Super Powers (Skills): write computer programs; solve difficult problems; understand what you read; use logic and reasoning; listen carefully to others; make good decisions

Mental Powers (Knowledge): computers and electronics; English grammar and composition; mathematics; customer service; design techniques

Tools Mastered: computer servers; desktop computers; mainframe computers; serial port cards

Training: Bachelor's Degree (4 years of college)

Number of Heroes in this Career (Delaware): 370

Information Technology Cluster

Computer Programmer

INVESTIGATIVE CAREER

Wage Points: \$ 51/hour

Feats Performed:

Computer Programmers write computer language programs that tell computers how to execute people's ideas. They do practice runs to make sure the desired results are produced, and make changes if they are not. There are many computer languages, so programmers usually know more than one language.

15-2051

Firefighter

REALISTIC CAREER

Feats Performed: Wage Points: \$ 26/hour

Firefighters control and put out fires. They also respond to emergencies when people, property, or the environment are at risk. They also help with fire prevention, search and rescue, and disaster assistance. Firefighters may work in cities and towns or in forests.

33-201

CAREER HEROES

Firefighter

Super Powers (Skills): give full attention to what other people are saying; use logic and reasoning; monitor performance of others; control operations of equipment or systems; watch gauges and dials to make sure everything is working

Mental Powers (Knowledge): policies and strategies to promote public safety; use of equipment and systems; materials and methods of construction; geography

Tools Mastered: fire hoses and axes; all-terrain vehicles; fire extinguishers; pumper trucks; ladders

Training: Long-term on-the-job training (over 1 year)

Number of Heroes in this Career (Delaware): 450

Law, Public Safety, Corrections & Security Cluster

29-1021

Dentist

INVESTIGATIVE CAREER

Feats Performed: Wage Points: \$ 110/hour

Dentists examine, diagnose, and treat injuries, diseases and other problems with teeth and gums. They find and fill cavities, and teach people how to keep from getting more cavities. They help fit false teeth for people who have lost some or all of their teeth.

29-1021

CAREER HEROES

Dentist

Super Powers (Skills): use logic and reasoning; make good decisions; listen carefully to others; assess your work performance; be aware of others' reactions; be persuasive

Mental Powers (Knowledge): medicine and dentistry; customer service; biology; psychology; chemistry; business principles; coordinate people and resources

Tools Mastered: drills; x-ray equipment; dental scissors; tooth-whitening lasers; wire cutters; probes

Training: Professional Degree (Bachelor's + 3-8 more yrs)

Number of Heroes in this Career (Delaware): 360

Health Science Cluster

29-1021

CAREER HEROES

Nutritionist

INVESTIGATIVE CAREER

Super Powers (Skills): listen carefully to others; speak effectively; write well; use logic and reasoning; be aware of others' reactions; coordinate your actions with others

Mental Powers (Knowledge): biology; English grammar and composition; psychology; customer service; counseling; education and training; chemistry

Tools Mastered: scales; glucose (sugar) monitors; calorimeters (to determine calories in food); computers

Training: Bachelor's Degree (4 years of college)

Number of Heroes in this Career (Delaware): 360

Health Science Cluster

29-1031

Nutritionist

INVESTIGATIVE CAREER

Feats Performed: Wage Points: \$ 36/hour

Nutritionists study how our bodies use the foods we eat. They help people choose foods that will keep their bodies healthy and strong. They teach people about basic food groups. They plan menus for schools, hospitals, and cafeterias.

29-1031

CAREER HEROES

Emergency Medical Technician

Super Powers (Skills): use logic and reasoning; help people; listen carefully to others; be aware of others' reactions; speak effectively; learn new information and use it

Mental Powers (Knowledge): medicine and dentistry; customer service; English grammar and composition; education and training; public safety; transportation

Tools Mastered: stretchers; syringes; oxygen masks; splints; emergency vehicles; intravenous pumps; spine boards

Training: Vocational Education (1-3 years)

Number of Heroes in this Career (Delaware): 970

Law, Public Safety, Corrections & Security Cluster

29-1021

Emergency Medical Technician

SOCIAL CAREER

Feats Performed: Wage Points: \$ 23/hour

Emergency Medical Technicians (EMTs) help people at the scene of an accident or in people's homes after someone calls 911. They check the patient's condition and decide what treatment is needed right there. If needed, they can take the patient to a hospital.

29-2042

Elementary School Teacher

SOCIAL CAREER

Feats Performed: Wage Points: \$ 33/hour

Elementary School Teachers instruct students individually and in groups, using various teaching methods. They grade homework and test papers and evaluate students' performance. They also meet with parents to discuss their children's progress.

25-2021

CAREER HEROES

Elementary School Teacher

Super Powers (Skills): speak effectively; write well; teach others how to do things; listen carefully to others; monitor the performance of others; assess your work performance

Mental Powers (Knowledge): teaching and instruction for individuals and groups; rules of grammar and composition; human behavior and performance; computer hardware and software; customer and personal service; leadership

Tools Mastered: computers; interactive whiteboards; projectors; Internet; educational board games

Training: Bachelor's Degree (4 years of college)
